Assessments

Students at KP College have an opportunity to appear two internal assessments which encourage them to regular and consistent in their studies. Internal assessments also help students get feedback, their study and keep them well prepared and confident for the final examination. Besides these internal tests, the students have to attend the unit tests which are conducted by the subject teacher right after the completion of each unit. To encourage the students, the College awards prizes to the topper students on the auspicious occasion of annual function.

Scholarship Schemes

KP College provides full scholarships to deserving on various criteria students. Scholarships are offered to the deserving students who are poor, marginalized, dalit, janajati, martyr's family, physically handicapped, etc. Among the above stated groups, the eligible students are selected for scholarship. The students who stand the first in the board examination conducted by TU are honored with such scholarships so as to inspire them to study harder. We are compelled to offer for those students who are enrolled our college from far-away.

Why to join KP College ?

Regardless of age, ethnicity, gender or family background of our students, we support and help them achieve a balance lifestyle of physical, intellectual, emotional, social and spiritual well-being.

- We offer career oriented courses in a reasonable cost • KP College is located at easily accessible place and out of the madding crowd of the city
- It has a rich library with sufficient text books, reference books, journals, business magazines with a well furnished, spacious and well ventilated reading rooms
- We offer well experienced and dedicated faculties and modern teaching techniques
- As per the syllabus demands, we send our students to different business organization, banks and finance companies for field reports and case studies.
- Computer Lab, Play Ground, Canteen & Stage are available.
- Sports, Co curricular activities & educational excursion are also prior here.
- During the pandamic, we could be able to run ICT and virtual classes successfully.
- Students are offered to get job and skill based training.

Fee Structure

KP College, being a non-profit making community college, constructs its fee structure to an affordable level to meet its running costs. It is always guided by the feeling of cost recovery, not by profit making motive. We believe in qualitative service than profit base.

AN INTRODUCTION

Kalika Public College (KPC), a non-profitable, philanthropic, public-spirited and community based academic institution affiliated to Tribhuvan University of Nepal has been giving opportunities to the secondary level education of the country to pursue their higher studies in the faculties of Management and Education since its inception on 6th November 2007 (2064/07/20). As a result of successful operation of Kalika Secondary School, KP College was established with the initiation of the local community, School Management Committee and Parent-Teacher Association of Kalika Secondary School. It is a matter of pride that KP College is an academic institution established under the patronage of Kalika Secondary School, a community-based school established in the year 1965 A.D. KP College has one of the best physical facilities in this region. Located in the academic and peaceful area of the city, the college is spread out in an area of 23 ropanis of land. The college has beautifully designed collegiate building separated in blocks. Kalika Public College and Kalika Secondary School have a daughter-mother relationship. The College is located at Pokhara-10, Rambazar. Students from different parts of the city, surrounding rural municipality of Kaski District and neighboring districts have been studying in the college. The College is devoted to develop competent human resources who are well educated, highly skilled, trained and capable to accept growing challenges of ever increasing competitiveness of job environment. KPC through its extra-curricular activities and programmes, strongly supports its students to foster leadership and participative capability and build up moral and self confidence so that they can realize their true potentiality and sharpen their decision making competence. Our students are expected to be able to stand on their own by earning an excellent academic career.

MESSAGE FROM THE CHAIRPERSON

Since its inception in 2007, KP College has been providing quality education at Bachelor of Business Studies (BBS) and Bachelor of Education (B.Ed.). The college has a team of dedicated and fully devoted faculty members for the overall high academic achievements of the students. It is my great honor and pleasure to share that KP College is dedicated to develop as a center of excellence for higher studies by excelling teaching, learning and extra-curricular activities. KP College also feels proud of reporting that it has planned to expand programs such as Bachelor's programs in humanities and Master's programs in Management and Education in the years to come. As the chairman of the college, I would like to appeal our students, guardians and well wishers to continue their supports in keeping our dreams come true.

The credit for the inception, expansion and earning good will undoubtedly goes to the school management committee, hardworking students, dedicated faculties and our well wishers as well as the supportive community. As the college maintains its strong focus on teaching and learning, it is gradually emerging into a centre for academic excellence that effectively prepares students for advanced studies. I, therefore, cordially invite the students to the college to expand your professional horizons and enrich your professional development.

MISSION & VISION

KPC mission gives emphasis on providing conducive learning environment, high moral standards and noble value system for students. It aims at generating dynamic candidates with a global perspective and an adoptive mode of functioning through integrated learning. The College provides its student with new thoughts, new ambition and new mission, quality and result-oriented education which would help develop the students intellectually, morally, physically and socially at reasonable fees. We inspire students to become good and smart with high moral values, develop KPC as a center of academic excellence & expand its academic programme in order to cater growing needs and strengthen them. We facilitate the students in student centered method with friendly environment.

COLLEGE CHIEF'S DESK

Jyoti Babu Poudel

We seek to prepare our young folks with the very best preparation for their life after Kalika Public College. Our graduates should be challenge bearing individuals who are grounded on the way of faith, hope and love. We seek to instill the passion of learning that brings the knowledge and understanding they need to make positive and constructive contribution to the communities and the nations in which they live and work for. I congratulate the secondary level education graduates and invite to ensure their higher education at Kalika Public College.
